

2024/2025 WHTA Research Update – Childbearing Year

GENERAL INFORMATION

The 2024 / 2025 WHTA Research Update is on “The Childbearing Year”. As such, all research reviewed will have a primary focus of pregnancy and the first 3 months postpartum, with some topics covered up to 1 year postpartum (eg research on recovery of levator ani muscle avulsion, postpartum prolapse, DRAM etc).

The total duration is expected to be 24hrs, however, for the first time WHTA will be splitting its research update into 2 halves:

PART A (12hrs) will be run in **NOVEMBER 2024** but will focus on conditions **DRAM, Exercise in Pregnancy, PGP in Pregnancy / Postpartum etc**

❖ LIVE ONLINE ONLY: 3 x 4hr live online sessions with a recording available afterwards

Notes: There will be two live online options for each session and participants can choose which option of each session they attend.

To be eligible to receive the recording participants need to attend at least one session live online.

PART B (12hrs) will be run in **MARCH 2025** and will focus on **Pelvic floor function / dysfunction / trauma across pregnancy, birth and early PP**

❖ OPTION 1 - LIVE ONLINE: 3 x 4hr live online sessions with a recording available afterwards

Notes: There will be two live online options for each session and participants can choose which option of each session they attend

To be eligible to receive the recording participants need to attend at least one session live online.

❖ OPTION 2: FACE-TO-FACE on 3-night Royal Caribbean ‘Quantum of the Seas’ cruise out of Brisbane from Friday Mar 7th to Mon Mar 10th

○ Friday afternoon / night board cruise and meetup / socialise with colleagues

○ Saturday: 6hrs teaching 8 am – 11am (lunch / relax from 11 – 1) 1pm – 4pm Evening Social with Colleagues

○ Sunday: 6hrs teaching 8 am – 11am (lunch / relax from 11 – 1) 1pm – 4pm Evening Social with Colleagues

○ Monday morning disembark the cruise

Note: participants who attend Face-to-Face on the cruise will get the recording of the live online sessions in May.

PART A: NOVEMBER 2024**covering DRAM; pelvic girdle pain; exercise in pregnancy etc**

PART A of the 2024/2025 WHTA Research Update consists of 12 hours of education reviewing the recent research on scenarios across pregnancy and the first year postpartum that commonly present to physiotherapy that are NOT related to pelvic floor dysfunction.

This may include Diastasis Rectus Abdominis, Pregnancy related Pelvic Girdle Pain, Persistent PGP Postpartum, Exercise in Pregnancy etc.

Will be held as 3 x 4hr LIVE ONLINE sessions (S1-3)

There will be 2 options for each session, and a recording available afterwards.

Participants can mix and match between option 1 and option 2 for each of the sessions, and are only required to attend a minimum of 1 live online session to be eligible for the recording.
